

DESIRED EFFECT ANTIQUES

Pair of walnut bergère armchairs

Sold

Description

Pair of 20th century bergère armchairs. Nicely carved walnut frames with ball and claw front legs. Generous proportions with a deep seat with a feather filled back cushion. unfortunately the seat cushions have been changed to foam and the ones in the photo are for show only and don't fit properly so new feather seat cushions are needed unless you wanted to keep the foam.

In goo structural condition throughout.

We do use a network of traditional upholsters so if you would like the upholstery doing by us please get in touch.

90cm deep

79cm wide
